Attn: Bill Stevenson

Dear Bill,

I would like to take a moment to thank you & Tom Compton for the excellent work CSI has done for us over the past 5 years.

There is no other company we would turn to for difficult concrete projects, self leveling, grinding or bead blasting. Your company has repeatedly performed on schedule and on budget, while meeting or exceeding our expectations for quality.

We thank you, for the ongoing support and expertise your company has provided us to estimate and bid on projects that we are not guaranteed to be awarded.

Lastly, our customers have always been pleased with any project where CSI has teamed up with Metropolitan to provide a finished product. Your men have worked well with ours and represented us well with our customers.

Thank you for your continued support,

Frank Pelosi
